0 to 200 yards

Berms at 25, 50 100 and 200 yards

Leagues

Our History

The Pine City Sportsmen's Club was established in 1947. In 1951, Wally Hunt started the first archery league at Pine City Sportsmen's Club. His daughters would help him set up the courses. The club emblem was designed by Wally Hunt.

In 1961, 10 years after archery started, an addition was added to the club that doubled the size of the building. Since then we have added two trap ranges, six pistol pits and host notable competition shoots and leagues, such as our Glock GSSF competition and the Penn York Archery League.
